TOYOTA
ALL ABOUT THE DRIVE

LEAD with Performance

Lead the pack with the all-new Toyota Harrier, which boasts a 2.0L VVT-iW Twin-Scroll Turbocharged engine that's engineered for both power and efficiency, along with a host of safety features in the Toyota Safety Sense (TSS) system.

Image shown may vary from models available locally

2.0L VVT-iW Engine With Twin-Scroll Turbocharger

The new 2.0L VVT-iW Engine is powerful, yet fuel-efficient, delivering 231PS and 350Nm of torque.

6-Speed Automatic Transmission (Electronically Controlled Transmission)

The 6-Speed Automatic Super ECT (Electronically Controlled Transmission) can anticipate driving conditions for a seamless driving experience, and allows manual control in sequential mode.

Driving Mode Switch Eco / Normal / Sport

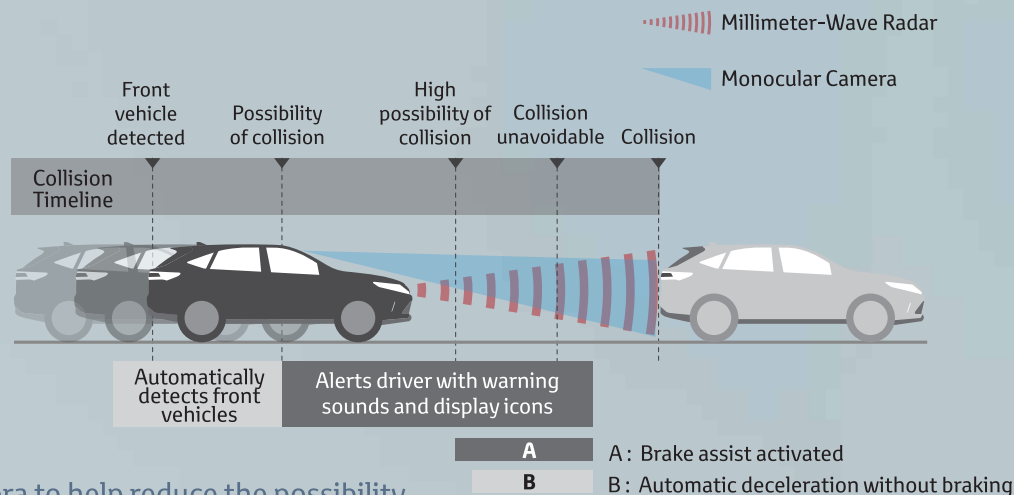

Choose from a selection of three driving modes (Eco, Normal or Sport) to suit any driving situation.

Image shown may vary from models available locally

Pre-Crash System (PCS) To Prevent Front Collisions

The PCS uses a forward-facing radar and camera to help reduce the possibility of frontal collisions by alerting and automatically applying brake pressure when there is a risk of collision with the vehicle in front.

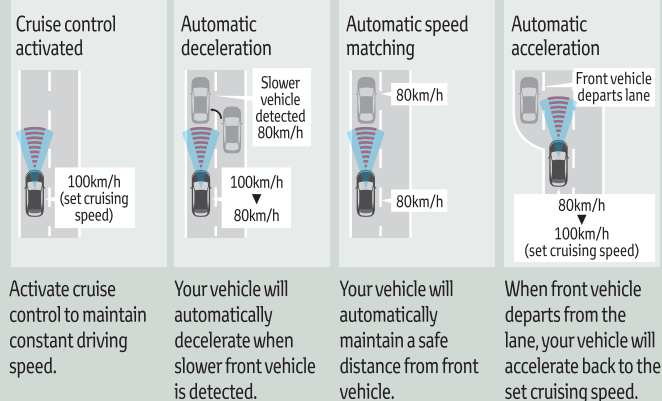

LEAD with Safety

Adaptive Cruise Control (ACC) With Dynamic Radar Technology

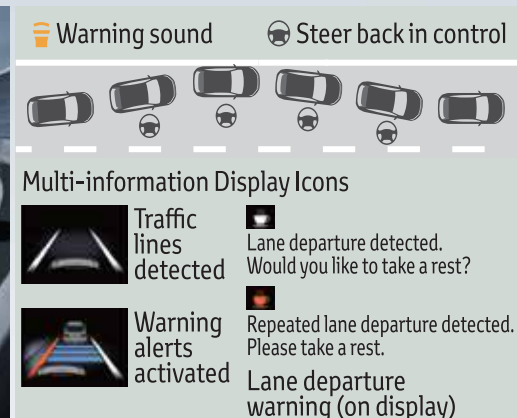

Automatically adjusts the speed of the Harrier to maintain a safe distance with vehicles in front to reduce driver fatigue.

Image shown may vary from models available locally

Lane Keeping Assist (LKA) With Lane Departure Alert (LDA)

When the Harrier deviates from its lane, the LDA will alert the driver with a warning buzzer, and the LKA will automatically steer the car back to its lane.

Toyota Safety Sense (TSS) is a system of innovative safety features which include Pre-Crash System (PCS), Adaptive Cruise Control (ACC), Lane Keeping Assist (LKA), Lane Departure Alert (LDA), and Adaptive High-Beam System (AHS) to help protect you and your passengers from harm.

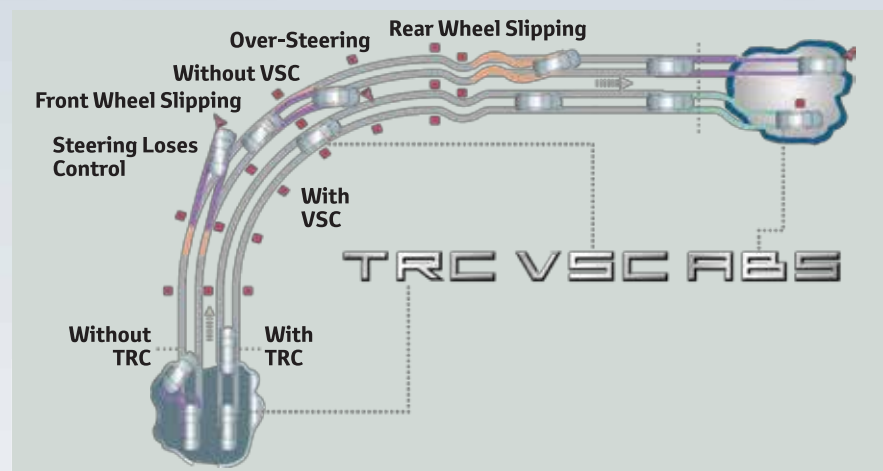

Adaptive High-Beam System (AHS) For Greater Visibility

Achieve greater visibility with Adaptive Hi-Beam lighting, which redirects the vehicle's LED headlamps away from oncoming traffic.

Electronic Parking Brake With Auto Brake Hold Function

The parking brake is automatically engaged or released by operating the switch and does not interfere with the engine starting or stopping.

Vehicle Stability Control (VSC) and Traction Control (TRC) To Prevent Skidding

VSC and TRC help prevent skidding on slippery surfaces and stabilises the vehicle by continually monitoring the condition between the tires and the surface of the road.

Hill-Start Assist Control (HAC) To Prevent Roll-back

HAC helps prevent rolling backward or slippage on steep inclines by controlling brake fluid pressure when your foot is removed from the brake.

7 SRS Airbags For All-round Protection

7 SRS airbags are strategically positioned at the front, side, curtain, and driver's knee, to ensure all-round protection for every person in the Harrier.

LEAD with Comfort

Apart from exquisite upholstery, the all-new Toyota Harrier is fitted with a lineup of industry-leading features, finetuned for your comfort and convenience.

Premium Nappa Leather Seats*

Feel comfortable throughout your entire journey with the luxurious all-nappa leather seats.

Image shown may vary from models available locally

Memory Seat With Front Seats Ventilation*

Always find your most comfortable position with front power seats with ventilation.

Spacious Rear Boot With Foldable Back Seats

The extremely spacious rear boot space gets even larger with backseats that fold fully flat.

Colourful Multi-information Display With Optitron Meter

Red digitally illuminated meters put driving and safety information within the driver's view.

Electrochromic Rear View Mirror With Auto-Dimming*

The electrochromic rearview mirror automatically dims to reduce the glare of headlights from vehicles behind you.

Ultrasuede Seats** For a Sporty Interior

Get that sporty feeling wherever you go with ultrasuede seating.

DVD-AVX System With Reverse Camera

Watch, listen and observe the rear with Toyota's advanced infotainment system.

Power Adjustable Tilt & Telescopic Steering For Enhanced Cabin Comfort

Adjust steering position to your liking with tilt and telescopic adjustability.

NanoE™ Air-Conditioner* For Enhanced Cabin Comfort

It not only cools but cleanses the air, leaving every passenger in the cabin feeling comfortable and refreshed.

Smart Start & Entry System For Keyless Convenience

Unlock the doors and start the engine with a push of a button while the key is in your pocket or your bag.
